Guidelines for Visiting Musicians

About Greyfriars Kirk

Built on the site of a pre-Reformation Franciscan monastery, this iconic building offers much to see and appreciate, from reading the words of the National Covenant, signed here in 1638, right through to contemporary additions such as the magnificent pipe organ that dominates the sanctuary. Today Greyfriars is home to an active worshipping community of the Church of Scotland, with weekly services at different times. In addition, concerts, social events, exhibitions, group visits and other educational activities take place here.

Greyfriars at 12 Thursday Lunchtime Concert Series

We welcome applications from choral and instrumental ensembles to perform secular as well as sacred music as part of our lunchtime concert series. We offer the opportunity to perform a 45 minute concert in a beautiful space with a wonderful acoustic.

Admission to the Kirk and lunchtime concerts is free. Concerts are generally well attended with regular audiences of 30-60.

Concerts can be arranged for Thursdays. Setup and rehearsal time in the Kirk is available on the day of your concert between 10:00 - 11:30.
